## Objectives

I look for an opportunity where I can focus on a challenging career in an organization which give me a scope to update knowledge in every step. I must prove myself as a good team member and perform my duties with best abilities to deal with as many projects try my level best to get success.

## Work Summary

- Currently working as QAE (Manual, Automation Tester) in Wipro Technologies.
- Have 3 years hands on experience in Manual, Automation Testing.
- Very Good understanding of **Software Development Life Cycle (SDLC)**.
- Good knowledge in **Software Testing Life Cycle (STLC)**.
- Knowledge in **Testing Methodology, agile model**.
- Experience in preparation of Test cases and executing the same.
- Good knowledge in Re-testing and defects fixed by developer.
- Knowledge in Test design techniques like Equivalence Class Partitioning and Boundary value analysis.
- Experience in requirement validation, functional, integration.
- Expertise in **Defect Life Cycle / Bug Life Cycle**.
- Experience in **Smoke Testing, Sanity Testing and Functional Testing, end-to-end application testing**.
- Knowledge in **Adhoc Testing, Acceptance Testing, performance testing**.
- Knowledge in **database testing on manual techniques**.
- Experience in Automating Web Application Testing using **Selenium WebDriver with TestNG framework**.
- Knowledge in Hybrid framework.

## Technical Skills

- **Testing types:** Manual Testing, Automation Testing and Database Testing
- **Automated Testing Tools :** Selenium
- **Windows App Automation Tools :** Auto-IT
- **Testing Framework :** TestNG, Data Driven Testing by using Apache POI, Hybrid framework, POM.
- **Test Management Tools :** ALM (Quality Center)
- **Bug Tracking Tools :** JIRA
- **Programming Languages :** Turbo C, Java,
- **Web Technology :** HTML
- **Databases :** My SQL

## Work History:

April 2015 – Current

## Professional Project Experience

|                                              |                  |
|----------------------------------------------|------------------|
| <b>Project -1:</b> September 2015-March 2017 |                  |
| <b>Client</b>                                | Himalaya Drug    |
| <b>Project Name</b>                          | Stock Accounting |
| <b>Technology Used</b>                       | Java, SQL server |
| <b>Testing Approach</b>                      | Manual Testing   |
| <b>Test Management and Execution Tools</b>   | ALM              |
| <b>Role</b>                                  | Test Associate   |

## Description:

Stock Accounting is an ERP based web application which will manage Stock Inventory so easily. It acts a general ledger which contains all the accounts for recording transactions relating to a company asset's , liabilities , owner's equity , revenue and expenses. In modern accounting application like "Stock Accounting" general ledger acts like a central repository for accounting data. The product has been developed using open, industry standard, proven technologies and high quality software engineering methodologies. Stock Accounting is highly parameterized to support constantly changing customer and regulatory requirement.

## Modules:

Customer, Sales, Purchases, Stock Items, Suppliers, Administration.

## Role and Responsibilities:

- Involvement in creating of the test cases, Test Scenarios and Test Data.

| <b>Client</b>           | Brenntag Solution                     |
| <b>Project Name</b>     | Memrise                               |
| <b>Technology Used</b>  | HTML,Java, SQL Server                 |
| <b>Testing Approach</b> | Manual Testing and Automation Testing |
| <b>Role</b>             | Test Associate                        |

## Description:

Memrise has been designed to help learners connect every new word in the densest, most vivid fashion possible. We do this with mems. Mems are our natty word for the morsels of interesting and relevant information you see beneath every word on Memrise. Mems can be mnemonics, etymologies, amusing videos, photos, example sentences: anything which helps connect what you're learning and bring it to life. Memrise is a wonderful community of mem-makers. There's no idea or fact that isn't made easier to learn with a choice mem. Mem work best when they stimulate senses, imagination and emotions. The memories that result from such processing last longer, stand out better are just more enjoyable and satisfying to recall.

## Role and Responsibilities:

- Attending project review meetings
- Good knowledge in Agile Methodology.
- Attending Scrum daily and Clarifying issues
- Performing testing on the application based on the requirement
- Verifying FRS and executing the test cases for automating the testing procedure.
- Using POI with Selenium webdriver for Data driven Testing.
- Preparation of automation tests using Selenium TestNG.
- Used Auto-IT for windows page testing

## Educational Qualification

- **B.Tech** in Electronics and Telecommunication from BPUT,Odisha in 2014.
- **Intermediate** from CHSE,Odisha, India in 2010.
- **10th** from HSE board Odisha, India in 2008.

## Certification:

- **Software Testing Tool** : Manual and Selenium Web Driver

## Personal Details

**Name** : XXXXXXXXXX  
**Father's Name** : XXXXXXXX  
**Date of Birth** : 3<sup>rd</sup> March 1993  
**Nationality** : Indian  
**Marital Status** : Single

**Languages Known** : English, Hindi, Odia

## **Declaration**

I do here by declare that the above information is true and complete to the Best of my knowledge and belief.
